

**The Jardine Foundation
Scholarships for Postgraduate Studies at
Oxford and Cambridge Universities
to be Awarded in Conjunction with Universitas Gadjah Mada**

Introduction

To mark its 150th Anniversary in June 1982, Jardine Matheson established an educational trust called The Jardine Foundation to provide scholarships.

The Foundation in its discretion awards Jardine Scholarships annually to students to enable them to attend educational establishments, primarily selected colleges at the University of Oxford and the University of Cambridge (the 'Universities') in the United Kingdom.

The Foundation aims to assist scholars who have the potential to become outstanding citizens with a high commitment to the community. Consequently, the selection of candidates is based on a number of criteria, which include academic achievement, leadership qualities, and involvement in non-curricular activities and community affairs.

The Foundation has established a programme in conjunction with Universitas Gadjah Mada ('UGM') to offer a total of two scholarships a year for Oxford and Cambridge Universities for postgraduate courses. The initial commitment is for three years. UGM will seek suitable applicants from its alumni or faculty for recommendation to the Foundation. Candidates shortlisted by the Foundation will be required to apply to the Universities, and if successful in securing a place, will then be subject to a final consideration by the Selection Committee.

4. Value of Scholarships

Each Scholarship awarded will generally be sufficient to cover fees, tuition, board and lodging, and reasonable living expenses and travel expenses to and from the chosen educational establishment at the beginning and at the end of the course in respect of which the Scholarship is awarded. As such, they can be considered to be full scholarships.

The Scholarship will include:-

- a) University tuition fees payable directly to the university;
- b) College fees, excluding board and lodging, payable directly to the College;
- c) an annual stipend to be determined by the Trustees on a case by case basis to cover board and lodging and all other incidental expenses (the stipend will be payable in four instalments each year, the first instalment being larger to cover initial costs); and
- d) a standard economy class airfare payable directly to the airline from the place of residence to the United Kingdom at the beginning of the Scholarship and for the return journey to the place of residence on completion of the Scholarship period.

Consideration will be given by the Trustees to applications for reasonable amounts to fund research and field work. In cases of financial hardship, the Trustees may, in their absolute discretion, make arrangements by way of supplemental awards or such other means as they may think fit to assist Jardine Scholars in meeting their essential expenses.

No additional funding is available to support family members. The Foundation places no restriction on Family members joining the Scholar in the United Kingdom, subject to them meeting the appropriate immigration requirements.

5. Method of Application

Application forms can be obtained from Office of International Affairs, Universitas Gadjah Mada, **Gedung Pusat UGM, 2nd Floor, South Wing, Bulaksumur, Yogyakarta** or by email to **head-oia@ugm.ac.id** ('UGM Secretariat').

Applications must, in all instances, be addressed to UGM Secretariat. They must be submitted by a date to be announced by UGM.

Application form must be submitted together with the following:-

The Foundation reserves the right at its discretion to approach any organization, establishment or individual to check the substance of all statements made by any applicant and to take up references. By completing the application form, applicants will be giving consent to any one of the Universities for providing their personal and academic information to the Scholarship Committee.

All applications will first be considered by UGM Secretariat. Those considered suitable by UGM as eligible for further consideration will be forwarded to the Foundation, which will arrange for the applicants to be interviewed by the Foundation's pre-Selection Committee in Jakarta. Those candidates selected as finalists by the pre-Selection Committee will be invited to apply to the Universities. Thereafter, those accepted by the Universities will then be reviewed by the Scholarship Committee, which will decide upon the award of scholarships. Direct costs associated with the application to the Universities will be reimbursed by the Foundation.

The decisions of UGM and the Foundation's committees are final and under no circumstances will representatives of UGM or the Foundation be required to explain to applicants or their representatives why any application has been accepted or declined or has not passed any part of the selection process.

Accordingly, the selection timetable will be as follows:

6. Condition

The award of a Scholarship is conditional upon the candidate being selected for and taking up a place at one of the Universities. Since the Universities make their own admission choices, there is no guarantee of a place.
